

# Biting Policy

Biting is unfortunately not unexpected behavior for toddlers. Some children and many toddlers communicate through this behavior. However, biting can be harmful to other children, myself and my family. This biting policy has been developed with both ideas in mind. As a day care, I understand that biting, unfortunately, is a part of a day care setting. My goal is to help identify what is causing the biting and resolve these issues. If the issue cannot be resolved, this policy serves to protect the children that are bitten.

If a biting incident occurs, state regulations require that the parent of the child biting and the parent of the child who was bitten be contacted. Names of the children are not shared with either parent.

When Biting Does Occur: I strongly disapprove of biting. My job is to keep the children safe and help a child that bites learn different, more appropriate behavior. I do not use techniques to alarm, hurt, or frighten children such as biting back or washing a child's mouth out with soap.

## For the child that was bitten:

1. First aid is given to the bite. It is cleaned with soap and water. If the skin is broken, the bite is covered with a bandage.
2. Parents are notified.
3. The "Injury Occurring at Daycare" form is filled out documenting the incident.

## For the child that bit:

1. I will firmly tell the child "NO! DO NOT BITE! IT HURTS!"
2. The child will be placed in time out for no longer than the child's age (one year old, one minute).
3. The parents are notified.
4. The "Parent Contact Form" is filled out documenting the incident.

## When Biting Continues:

1. The child will be shadowed to help prevent any biting incidents.
2. The child will be observed to determine what is causing the child to bite (teething, communication, frustration, etc.)
3. The child will be given positive attention and approval for positive behavior.

## When biting becomes excessive:

1. If a child inflicts 3 bites in a one week period (5 weekdays) in which the skin of another child or staff member is broken or bruised or the bite leaves a significant mark, a conference will be held with the parents to discuss the child's behavior and how the behavior may be modified.

2. If the child again inflicts 3 bites in a one-week period (5 weekdays) in which the skin of another child or adult is broken or bruised or the bite leaves a significant mark, the child will be suspended for 2 business days.

3. If a child once again inflicts 3 bites in a one-week period (5 weekdays) in which the skin of another child or adult is broken or bruised or the bite leaves a significant mark, the parents will be asked to make other day care arrangements.

If a child, who has been through steps 1 and/or 2, goes 3 weeks (15 business days) without biting, we will go back to step one if the child bites again. If a child bites twice in a 4-hour period, the child will be required to be picked up from day care for the remainder of the day. This will not count towards the 2-day suspension.

\*\*\*This policy is effective September 23<sup>rd</sup>, 2019. All past experiences of biting are not included in this policy, as this policy was not in effect at the time of biting. All biting occurrences from today forward will be counted towards a child's total biting incidents. \*\*\*
